As a socially minded club, one of our core aims is to actively support the communities around us. We do this through fundraising for charities, volunteer work with disadvantaged youth and various community driven initiatives within the Kingdom of Thailand.

The Bangers promote the traditional values of amateur rugby - playing hard, playing fair and having fun - which are reflected in the competitive nature of the club and its members but also our desire to be a social club for all our members and supporters as well as with other national and regional Clubs.
